We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bakersfield (the City), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated November 25, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

REGISTERED with the Public Company
Accounting Oversight Board and
MEMBER of the American Institute of
Certified Public Accountants

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this report is not suitable for any other.

Report on Compliance for Each Major Federal Program

We have audited the compliance of the City of Bakersfield, California, (the City) the types of compliance requirements described in the U.S. Office of Management and budget (OMB) Circular A-133 *Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2013. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

REGISTERED with the Public Company
Accounting Oversight Board and
MEMBER of the American Institute of
Certified Public Accountants

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated November 25, 2013, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

The accompanying notes are an integral part of these financial statements.

**CITY OF BAKERSFIELD, CALIFORNIA
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
JUNE 30, 2013**

NOTE 1 – GENERAL

The accompanying Schedule of Expenditures of Federal Awards (SEFA) presents the activity of all Federal Financial Assistance programs of the City of Bakersfield, California (the City). As defined in Note 1 of the Notes to the City's Basic Financial Statements, those financial statements and the accompanying SEFA present the City and its component units, if any, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the City's operations and so data from these units are combined with data of the City. Discretely presented component units, on the other hand, are reported in a separate column in the combined financial statements of the City to emphasize that they are legally separate from the City. Each blended and discretely presented component unit has a June 30 year-end. The City's CAFR may be obtained at the Finance Department.

Federal financial assistance received directly from Federal agencies as well as Federal financial assistance passed through other government agencies are included on the schedule.

NOTE 2 – BASIS OF ACCOUNTING

The accompanying Schedule of Expenditures of Federal Awards is presented using the accrual basis of accounting, which is described in Note 1 of the Notes to the City's Basic Financial Statements.

NOTE 3 – RELATIONSHIP TO FEDERAL FINANCIAL REPORTS

Amounts reported in the accompanying schedule agree with the amounts reported in the related periodic Federal financial reports.

NOTE 4 – RECONCILIATION TO BASIC FINANCIAL STATEMENTS

The following is a reconciliation of the amounts listed in the SEFA to the City's Basic Financial Statements:

	Federal Grantor/Program Title				
	U.S Department of Housing and Urban Development				
	Community Development Block Grant - Entitlement	Emergency Shelter Grant	HOME Investment Partnership	ARRA-Homeless Prevention and Rapid Re-housing	Neighborhood Stabilization Program

**CITY OF BAKERSFIELD, CALIFORNIA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
JUNE 30, 2013**

1. Summary of Audit Results

1. The auditor's report expresses an unmodified opinion on the basic financial statements of the City of Bakersfield, California.
2. No significant deficiencies or material weaknesses were disclosed during the audit of the basic financial statements.
3. No instances of noncompliance material to the basic financial statements of the City of Bakersfield, California, were disclosed during the audit.
4. No significant deficiencies or material weaknesses were disclosed during the audit of the major federal award programs.
5. The auditor's report on compliance for the major federal award programs for the City of Bakersfield, California, expresses an unmodified opinion on all major federal programs.
6. The audit disclosed no findings relative to the major federal awards programs.
7. The programs tested as major programs included:
 - U.S. Department of Transportation – Passed through California Department of Transportation: Surface Transportation Program (CFDA Number 20.205)
 - U.S. Department of Transportation – Passed through California Department of Transportation: Transportation Equity Act (CFDA Number 20.205)
 - U.S. Department of Transportation – Passed through California Department of Transportation: Highway Bridge Replacement (CFDA Number 20.205)
 - U.S. Department of Transportation – Passed through California Department of Transportation: Congestion Mitigation and Air Quality Program (CFDA Number 20.205)
 - U.S. Department of Justice – Direct Program: Public Safety Partnership and Community Policing – including ARRA Grant (CFDA Number 16.710)
 - U.S. Department of Housing and Urban Development – Direct Program: Neighborhood Stabilization Program (CFDA Number 14.256)
8. The threshold used to distinguish between types A and B programs was \$995,665.
9. The City of Bakersfield, California, was determined to be a low-risk auditee.

2. Findings Relating to Financial Statements Required Under Generally Accepted Government Auditing Standards (GAGAS)

None.

3. Findings and Questioned Costs – Major Federal Award Programs Audit

None.

4. Status of Prior Year Findings and Questioned Costs

None.
