

ONLY RAIN DOWN THE DRAIN

Ways to keep our water clean:

- **Recycle Oil - Never pour oil into drains, gutters or on the ground.**
- **Reduce fertilizers from running off lawns onto the sidewalks and gutters.**
- **Pick up trash and pet waste**
- **Never blow grass clippings to the gutters**
- **Maintain your septic systems.**

Stormwater runoff from streets, lawns and parking lots flow into storm drains. The untreated storm water can flow to the Kern River or can percolate through the soil into our groundwater drinking supply.
