Benefits provided through the BlueCard® Program are paid at the participating level. Member's cost share will be either a copayment or coinsurance based on the lower of billed charges or the negotiated allowable amount for participating providers as agreed upon with the local Blue's Plan.

Within US: BlueCard Program	See Applicable Benefit	See Applicable Benefit
Outside of US: BlueCard Worldwide	See Applicable Benefit	See Applicable Benefit

OPTIONAL BENEFITS

Optional dental, vision, infertility, and hearing aid benefits are available. If your employer purchased any of these benefits, a description of the benefit is provided separately.

- 1 Unless otherwise specified, copayments/coinsurance are calculated based on allowable amounts. After the calendar year medical deductible is met, the member is responsible for copayments/coinsurance for covered services from participating providers. Participating providers agree to accept Blue Shield's allowable amount plus any applicable member copayment or coinsurance as full payment for covered services.
- 2 Non-participating providers can charge more than Blue Shield's allowable amounts. When members use non-participating providers, they must pay the applicable deductibles, copayments or coinsurance plus any amount that exceeds Blue Shield's allowable amount. Charges above the allowable amount do not count toward the calendar year deductible or out-of-pocket maximum.
- 3 Preventive Health Services, including an annual preventive care or well-baby care office visit, are not subject to the calendar year medical deductible. Other covered non-preventive services received during, or in connection with, the preventive care or well-baby care office visit are subject to the calendar year medical deductible and applicable member copayment/coinsurance.
- 4 The maximum allowed charges for non-emergency surgery and services performed in a non-participating ambulatory surgery center or outpatient unit of a non-participating hospital is \$350 per day. Members are responsible for 50% of this \$350 per day, and all charges in excess of \$350 per day. Amounts that exceed the benefit maximums do not count toward the calendar year out-of-pocket maximum and continue to be the member's financial responsibility after the calendar year maximums are reached.
- 5 Bariatric surgery is covered when prior authorized by Blue Shield; however, for members residing in Imperial, Kern, Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura counties ("Designated Counties"), bariatric surgery services are covered only when performed at designated contracting bariatric surgery facilities and by designated contracting surgeons. Coverage is not available for bariatric services from any other participating provider and there is no coverage for bariatric services from non-participating providers. In addition, if prior authorized by Blue Shield, a member in a Designated County who is required to travel more than 50 miles to a designated bariatric surgery facility will be eligible for limited reimbursement for specified travel expenses for the member and one companion. Refer to the *Evidence of Coverage* for further details.
- 6 The maximum allowed charges for non-emergency hospital services received from a non-participating hospital is \$600 per day. Members are responsible for 50% of this \$600 per day, and all charges in excess of \$600 per day. Amounts that exceed the benefit maximum do not count toward the calendar year out-of-pocket maximum and continue to be the member's responsibility after the calendar year maximums are reached.
- 7 For plans with a calendar year medical deductible amount, services with a day or visit limit accrue to the calendar year day or visit limit maximum regardless of whether the plan calendar year medical deductible has been met.
- 8 Services may require prior authorization. When services are prior authorized, members pay the participating provider amount.
- 9 Mental health and substance use disorder services are accessed through Blue Shield's Mental Health Service Administrator (MHSA) - using MHSA participating and MHSA non-participating providers. Only mental health and substance use disorder services rendered by MHSA participating providers are administered by the MHSA. Mental health and substance use disorder services rendered by non-MHSA participating providers are administered by Blue Shield.
- 10 Inpatient services for acute detoxification are covered under the medical benefit; see the Hospital Benefits (Facility Services) section of the *Evidence of Coverage* for benefit details. Services for acute medical detoxification are accessed through Blue Shield using Blue Shield's participating providers or non-participating providers.

11 Services from non-participating providers for home health care and hospice services are not covered unless prior authorized. When these services are prior authorized, the member's copayment or coinsurance will be calculated at the participating provider level, based upon the agreed upon rate between Blue Shield and the agency.

Plan designs may be modified to ensure compliance with state and Federal requirements.

1 Amounts paid through copayments and any applicable brand drug deductible accrues to the member's medical calendar year out-of-pocket maximum. Please refer to the Evidence of Coverage and Plan Contract for exact terms and conditions of coverage. Please note that if you switch from another plan, your prescription drug deductible credit, if applicable, from the previous plan during the calendar year will not carry forward to your new plan.

2 Contraceptive drugs and devices covered under the outpatient prescription drug benefits will not be subject to the applicable calendar year brand drug deductible. If a brand contraceptive is requested when a generic equivalent is available, the member will be responsible for paying the difference between the cost to Blue Shield for the brand contraceptive and its generic drug equivalent. In addition, select brand contraceptives may need prior authorization to be covered without a copayment.

3 Select formulary and non-formulary drugs require prior authorization by Blue Shield for Medical Necessity, or when effective, lower cost alternatives are available.

4 If the member requests a brand drug and a generic drug equivalent is available, the member is responsible for paying the generic drug copayment plus the difference in cost to Blue Shield between the brand drug and its generic drug equivalent.

5 Network Specialty Pharmacies dispense Specialty drugs which require coordination of care, close monitoring, or extensive patient training that generally cannot be met by a retail pharmacy. Network Specialty Pharmacies also dispense Specialty drugs requiring special handling or manufacturing processes, restriction to certain Physicians or pharmacies, or reporting of certain clinical events to the FDA. Specialty drugs are generally high cost.

6 Specialty drugs are available from a Network Specialty Pharmacy. A Network Specialty Pharmacy provides specialty drugs by mail or upon member request, at an associated retail store for pickup.

7 To obtain prescription drugs, including contraceptive drugs and devices, at a non-participating pharmacy, the member must first pay all charges for the prescription and submit a completed Prescription Drug Claim Form for reimbursement. The member will be reimbursed the price paid for the drug less any applicable deductible, copayment or coinsurance and any applicable out of network charge.

8 Outpatient prescription drug copayments for covered drugs obtained from non-participating pharmacies will accrue to the calendar year medical deductible and the participating provider maximum calendar year out-of-pocket maximum.

9 When the Participating Pharmacy's contracted rate is less than the Member's Copayment or Coinsurance, the Member only pays the contracted rate.

Note: This plan's prescription drug coverage is on average equivalent to or better than the standard benefit set by the Federal government for Medicare Part D (also called creditable coverage). Because this plan's prescription drug coverage is creditable, you do not have to enroll in a Medicare prescription drug plan while you maintain this coverage. However, you should be aware that if you have a subsequent break in this coverage of 63 days or more anytime after you were first eligible to enroll in a Medicare prescription drug plan, you could be subject to a late enrollment penalty in addition to your Part D premium.
