PAVEMENT REHABILITATION 2019-2020 RSTP: BRUNDAGE LANE FROM WASHINGTON STREET TO OSWELL STREET

Starting Monday, July 13, the City of Bakersfield will begin night work to reconstruct the roadway on Brundage Lane from Washington Street to Oswell Street.

Crews will be working on the roadway from 6 p.m. to 6 a.m. each day, Monday through Friday from July 13 through July 31. The roadwork will result in traffic delays, so drivers are advised to use caution when in the area, to take alternate routes, or to allow extra travel time through the area. Road closures are also planned during the reconstruction of the Mount Vernon Drive and Oswell Street intersections. Detours and alternate routes will be provided during this phase of construction.

The work on this project is expected to be completed by late August. The City thanks the public for its patience during the completion of these improvements.
